

PRIVACY POLICY

WHO WE ARE

This policy sets out how The Northamptonshire Association of Youth Clubs ('NAYC') and Action Centres UK ('ACUK') treat your personal data, including why we collect it, what kind of personal data we collect, when we collect it, how your personal data will be used, protected, and stored, and your rights in respect of that personal data.

When we process the personal data of a child under the age of 13, we require that any necessary consents are provided on behalf of the child by a parent or person with parental responsibility for that child. We require that, where appropriate, a parent or person with parental responsibility for such a child explains the effect of this privacy notice to the child.

When we use the term 'personal data' we mean information that relates to you and allows us to identify you, either directly or indirectly.

WHY DO WE COLLECT PERSONAL DATA?

We only collect personal data that is necessary to provide or improve the services offered by NAYC & ACUK. We will only use your personal data to the extent that the law allows us to do so. In certain circumstances our justification for processing your personal data will be that you have provided consent (or a parent or person with parental responsibility for a child has consented on a child's behalf) to our processing of personal data. Where we have not obtained consent, we may consider that processing your personal data is necessary for our legitimate interests (those interests will tend to be the interests of our organisations in providing services) and your or your child's interests or fundamental rights and freedoms do not override our legitimate interests. Alternatively, we may have a legal obligation to process your personal data.

Where we require your consent to process personal data, and you do not give consent we may be unable to provide you with the services you have requested. Please note, in such circumstances, you will not be entitled to cancel or obtain a refund of any price you have paid.

These details may include an applicant's name, address, date of birth, religious beliefs, medical history, and criminal record.

- When you visit our website:

In addition to recording information about you when you make an enquiry via our website, cookies may be collected when you access our website. For more information on cookies see the section below.

We only collect this information when necessary, such as to carry out our legal obligations in relation to employees and volunteers.

HOW LONG DO WE STORE PERSONAL DATA?

We will only retain your personal data for as long as is necessary for the purposes for which we are processing it.

To determine the appropriate retention period for personal data, we consider the amount, nature and sensitivity of the personal data, the potential risk of harm from unauthorised use or disclosure of your personal data, the purposes for which we process your personal data and whether we can achieve those purposes through other means, and the applicable legal, regulatory, tax, accounting, or other requirements.

HOW DO WE USE YOUR PERSONAL DATA?

- To manage your booking or use of our services.
- To provide a quote or respond to an enquiry.
- To send you marketing communications. We may send you marketing communications that we feel may be of interest to you. We will ask for your consent to send such communications to you at the time we collect that personal data, and we will offer you the chance to opt out each time we communicate with you.
- To personalise your customer experience and improve your experience of our services.
- To fulfil our legal responsibilities. We will collect, store and, in some cases, pass on personal data for legal reasons to third parties, including reporting accidents, incidents and safeguarding concerns.

HOW DO WE PROTECT YOUR PERSONAL DATA?

We have put in place appropriate security measures to prevent your personal data from being accidentally lost, used, or accessed in an unauthorised way, altered or disclosed.

We have put in place procedures to deal with any suspected personal data breach and will notify you and any applicable regulator of a breach where we are legally required to do so.
