Overview: Kayaking is offered as a 1.5 hour session and may also be offered as part of a BC or other award/course. All staff hold a minimum of BC paddle explore and PSRC award, leaders hold BC Paddle sports instructor and in-house assessment. Ratio is 2:12+1 (exceptional circumstances 3:24) or 2:16 (under exceptional circumstances) with consent from the group leader

STEP ONE	STEP TWO	STEP THREE	STEP FOUR	STEP FIVE
List significant hazards here:	List groups of people who are at risk from the hazards you have identified:	List the Control Measures for the identified risks:	Identify any residual risk remaining after the control measures have been put in place:	Identify any benefits that may result from exposure to the perceived and residual risk for participants:
Drowning	Instructors Guests Public	Buoyancy aids Coach responsibilities Safe working practice PSRC Award First aid trained staff	Instructors may panic and forget what they have been trained	The perceived risk is reduced and it is not as bad as they first thought.
Capsizing	Instructors Guests	Teaching of capsize drill Spray decks only worn when appropriate	Weather elements or unstable rocking of the canoe by paddlers.	Instructors are there to help them back onto their boat. Feeling of safety.
Entrapment	Instructors Guests	Equipment safety checks Safety Rules Boats fitted correctly Knives and whistles are carried by instructors.	Instructors may panic and forget what they have been trained	
Head Injury	Instructors Guests	Helmets Safety Rules	Injury to area not protected by helmet.	Encourages awareness of potential hazards and risk

Water Quality (Weil's /algae)	Instructors Guests	Hand sanitiser/showing facilities.	Small amount in water	Encourages proper hygiene practices
Cold/Heat/weather	Instructors Guests	Centre is within 200m of the north shore Adequate clothing for the environment, survival shelters available if needed. First aid and near miss forms.	Weather-wind and/or rain/Sun/lightning	Exposure to cold/heat and inclement weather has proven positive developmental effects and teaches people about their limitations.
Unauthorized access	Instructors, guests, member of the public	Signage, safety talk at beginning of group's stay, Area left tidy after use, no paddles to be left by the lake.	Misuse of equipment by outside parties/ trespassers.	Having the lake open creates a natural outdoor environment from which groups benefit.
Adverse Weather (lightning, high winds)	Instructors Guests Public	Maybe cancelled due to lightening or high winds		Having the lake open creates a natural outdoor environment from which groups benefit.
Injury from poor technique.	Guests	Qualified coaches running sessions	Risk of participants injuring themselves through poor technique remains.	Guests are given the opportunity to learn and practice kayaking skills.
